D. Krishna Kumar
Founder

Appeal

25 Years of Dedicated Service in the Welfare of Mentally Challenged etc.

Together we can make a further difference

It gives us immense pleasure when we role back our memory to 6th March, 1987, when we have registered PAMENCAP, Godavarikhani later with the patronage of SCCL, a public sector coal company three special classes for mentally challenged children were started and Manochaitanya VTC and sheltered workshop on 02.01.1999 (inaugurated by the then CM). On 30th April, 2006 again Mano-Samarth boys' and girls' hostel separately with respite care (all first of their kind in entire Telangana region), these are the land marks out of many in the lives of less fortunate mentally challenged.

We have been technical guided on each and every step by NIMH, Secunderabad and receiving the help of SCCL, NTPC, Kesoram Cement, State Government, Central Government, Philanthropic people and NRIs. The organization we started with 14 Nos. has gone up to 142 among them 30 are hostlers.

As a self motivated parent with born leadership qualities my conscious never permitted to sit idle and moved pillar to post and relentless continuous efforts were putting by me for the last 3 decades for the betterment of lives of socially neglected intellectual developmental disabled. With a result about 80 day scholars and hostlers were earning their livelihood up to Rs.30/- per day to lead an independent meaningful life in the society.

Now, we are able to cater to care 4 (3 girls + 1 boy) orphan mentally challenged persons and decided to start a lifetime shelter program by construction of 1st floor on the existing hostel with an estimated expenditure of Rs.30.0 lakhs to accommodate another 26 MR children but the support received till now is not fully sufficient to the extent required.

As a founder servant / chief functionary of this noble mission I / we appeal to all the philanthropic persons / organizations of National and Trans-National Society for the sustainability and continuous progress of this organization.

You can also join in this noble mission. You too can care to participate in creating hope for the intellectual disabled who have lost hope? Let us give back to society more than what we receive. The more you give the more you get. Share the joy to get your joy multiplied. Extend help generously by donations, participation, adopting the children who are lacking self advocacy or any activity for making a difference together.

Donations to PAMENCAP/MANOCHAITANYA are exempted under Sec 80G of IT act. Eligibility to receive foreign donations under FCRA Regd.No. 010240024

We once again salute all those who have inspired, encouraged, guided and strengthened our efforts in building these national monuments in reaching the unreached disabled population.

Making a Difference... together

Your support is our strength
Your participation is our hope.
"The hands that help are holier than the lips that pray"
What you said is forgotten, what you did is remembered.

Yours in service,

D. Krishna Kumar,
Founder & President
